

THERE IS A WORK THAT ONLY GOD CAN DO IN THE HEART OF A PERSON.

It is not rushed. It is not surface-level. And often, it is not immediately seen, but it is real and lasting.

Scripture tells us in Ezekiel 36:26, "And I will give you a new heart and I will put a new spirit in you." This is the work we are believing for in every life that comes through Western Michigan Adult & Teen Challenge; not just behavior change, but true transformation from the inside out.

Day by day, our students are learning to walk this out. Through time in God's Word, through prayer, through discipleship, and through the refining work of unity within community, the Lord is doing what only He can do: restoring what was broken, renewing minds, and establishing new foundations.

This work does not end with the completion of the program.

What God begins, He is faithful to continue. As it says in Philippians 1:6, "God, who began the good work in you, will continue His work until it is finally finished." We see that promise in those who continue to walk in obedience, show up, and allow God to shape their lives.

This is the kind of transformation that endures.

Thank you for partnering with us in this ministry. Because of your faithfulness, lives are being changed; not just for a moment, but for a lifetime.

With Gratitude,
Ron McClain

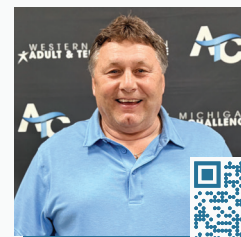

WHERE TRANSFORMATION CONTINUES

The goal of the program is not just to help someone get through a season; it's to help them build a new way of living.

The structure, accountability, and discipleship that students experience at Western Michigan Adult & Teen Challenge are meant to extend far beyond a single year. Over time, what begins inside the program becomes something deeper: new habits, new patterns, and a new foundation for life.

This kind of transformation is not measured only at graduation. It is seen in what comes after; in consistency, in responsibility, and in the daily decision to keep moving forward.

For many, the work continues long after they graduate.

Hear Jimmy's Story
in His Own Words

Not every story ends at graduation. For many, the work continues, and the impact deepens.

This month, we're sharing the story of Jimmy, a former student who now volunteers at Western Michigan Adult & Teen Challenge every single day. What began as a journey toward recovery has become a life marked by consistency, service, and a commitment to growth. His story is a reminder that transformation isn't just something that happens in the program: it's what continues long after.
